THE NEW FORT WAYNE KOMETS HOCKEY CLUB

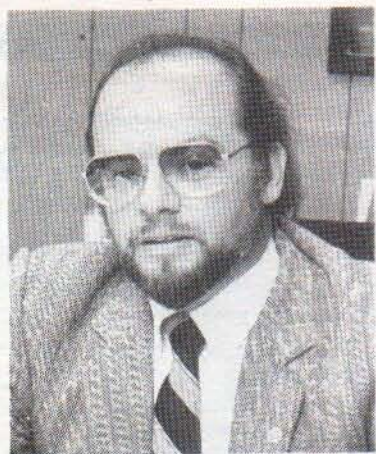

Hockey Fans!

The 1985-1986 season promises to be one of EXCITEMENT! As the new owner of the FORT WAYNE KOMETS, I am doing alot of things to make this year's hockey season one that you will enjoy and remember.

This season also is the debut of ROBBIE LAIRD, as our new coach. Those who know ROBO will agree with me that he will do everything in his power to bring Komets fans a winning team and the TURNER CUP!

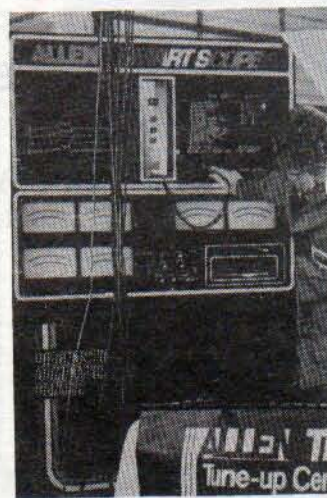

As I stated when I purchased the club, I have an open door policy. If you have an idea or comment, please feel free to write me. The NEW FORT WAYNE KOMETS are YOUR team!

Let us assist with your goals.

Assisting with goals is one of the things we do best. When Jan Jones wanted to put aside enough money to send her son through college, we helped her set up a savings plan that would do the job. When Howard Beck wanted to open a sporting goods store, we loaned him the money he needed. Bring your goals and your dreams to Fort Wayne National Bank. We're with you all the way.

PLAYER'S POSITIONS

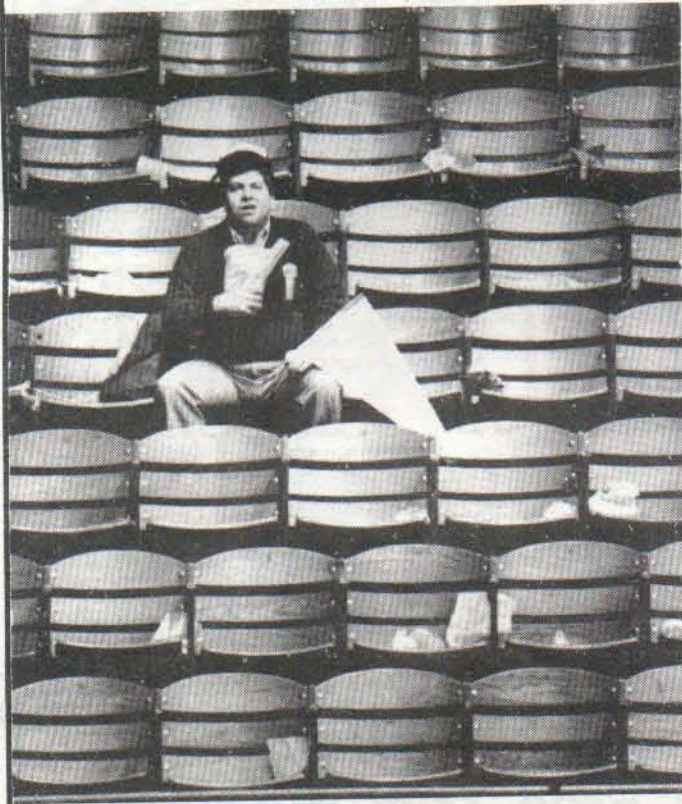

GOALKEEPER — The goalkeeper's main responsibility is to keep the puck from entering the goal and there are no restrictions placed on the methods he can employ. His offensive contributions are limited and consist of occasionally passing the puck up to his defensemen or forwards to start a rush. A goalkeeper never scores a goal and only on rare occasions does he receive credit for an assist.

DEFENSEMEN — Basically the two defensemen try to stop the incoming play at their own blue line. They also block shots, clear the puck from in front of their goal and watch the opposing forwards. Offensively they carry the puck up the ice or pass the puck up to the forwards, then follow the play into the attacking zone and help to keep it there.

CENTER — The center operates mostly up and down the middle of the ice and usually leads his team's attack by carrying the puck. He sets up plays by exchanging passes to his two wingmen and tries to steer the play in towards the opponent's goal. Defensively he tries to keep the play in the attacking zone by harassing the opponent's puck carrier. (Forechecking). After the opposition works the puck out of their end of the rink, he tries to interrupt their playmaking as it moves through the neutral zone and into his defending zone. (Backchecking).

WINGS — The two wings move up and down the sides of the rink with the direction of play. Offensively they skate abreast of the center exchanging passes with him while positioning themselves for a shot on the goal. Defensively they watch the opponent's wings and try to disrupt their playmaking and shooting as the action moves back towards the defending zone. (Backchecking).

THERE ARE STILL ONE OR TWO SPORTS FANS WHO DON'T WATCH GREG JOHANS.

Greg gives you live remote coverage of boys' basketball. Girls' basketball. Baseball. Football and more. He participates with his weekly "I Challenge Greg" series. And so can you!

MEDIA VOICE

By Jim Amstutz

Some might say I have the best seat in the house at the Coliseum. After all, as P.A. announcer for the Komets, I have a reserved seat at center ice, just inches away from the action. But, while I'd never trade my seat with anyone, it does have its drawbacks.

For instance, I can't see the whole ice surface. The corners are blocked all the time, and with players and officials skating back and forth, sometimes I can't see much. That's why you'll hear an incorrect "Offsides" or "Icing" announcement every once in awhile. But my "spotters", Dick Zimmerman or Win Rood, the Official Scorers, and Dennis Schebig, Bob McCreary, and Don Cain, the Penalty Box timekeepers, usually see what I miss.

Then there's the element of danger. Sure, we're protected by glass, but hockey pucks like to do strange things. Plus, a good check into the boards right in front of me is a thrill.

Still, I love my job as Komets announcer. It gives me the ability to see the game from a different perspective, a perspective few people can experience. For example, when players are hollering at each other in the penalty boxes, I'm in the middle. I hear what they say. When there's a big fight, I can hear the three on-ice officials discuss the matter, before the penalty. Plus, I can hear, and see, the elation, and disappointments, on the faces of the players, up close, and personal.

As announcer for the Komets, I've learned to greatly respect the players and officials. Just like any business, you meet all kinds of people at the hockey games. And, while some folks would like to think all the other teams' players and the referees are bad guys, I can tell you they're not. There are a lot of good in this business.

Announcing hockey is a challenge. It's a lot different than announcing on the radio (which I do at WEZV and WEZR) and announcing at the races (which I do at Baer Field, Kokomo, Warsaw, and the Coliseum). In radio, there are certain times when you talk, and you pretty much are in control of those times. In racing, you can talk all the time.

But in hockey, there are only certain times to talk, and you aren't in control. You have to get in sponsor messages and other information during a stoppage of play. You are not supposed to talk while they're playing, so I have to judge if the face-off is going to be long enough.

Plus, you have to be on top of the ever changing hockey rules. I have to know the officials signals. Sometimes, I have to explain the rules in short, concise terms, to you fans. Again, I thank Dick Zimmerman and Win Rood for this.

Let me tell you, this team can win the championship. It's a winning attitude in the locker room, believe me. We've had some great teams the three previous years I've been announcing, but there's something about this team. I hope you, and I, can be a part of a great moment in Komet's history this year!

The new breed takes the road.

New Jeep Comanche.

Now at O'Daniel, the only mid-size pickup ever to carry the legendary Jeep name. The 1986 Jeep Comanche.

A rugged new breed of 4x4s—with features you just won't find in any other mid-size pickup truck. Not Ford Ranger. Not Chevy S-10.

JEEP COMANCHE EXCLUSIVES:

- Only 4x4 to offer a choice of two 2-wheel drive/4-wheel drive systems (both with "shift-on-the-fly" capability).
- Widest choice of 4WD powertrains (3) in its class.
- The only full-time 4WD system on a pickup.
- Largest optional payload of any 4WD mid-size truck.
- Most powerful standard 4-cylinder engine in its class.
- Longest wheelbase in a mid-size pickup (for a smoother ride).
- Standard power brakes, front stabilizer bar, 15-inch wheels and tires.
- Most hiproom in its class (for comfortable 3-passenger seating).
- Highest dynamic ground clearance in its class.

LAIRD'S LINE UP

After dropping a couple of hard fought road losses, we find ourselves in the midst of a very fierce race for first place in the IHL West. It is my belief that this race is going to remain a knock-down-drag-out brawl until the wire. I can't see any one team getting out in front by too wide a margin because of the intense competition.

Had we not come against some excellent goaltending, we might have had some breathing room in first place. Mike Zanier (Indianapolis); Rick Knickle (Saginaw); and Corrado Micallef (Kalamazoo) all came up with great efforts against us and they were the difference in those contests. In every game that we have been defeated, we have outshot the opponent. Goaltending plays such an important role in the success of a team. I personally believe this league possesses more quality goaltenders this year than any other year in the past.

Mark Holden had been giving us stalwart performances but a fractured ring finger is going to set him back a couple of weeks. I am confident Rick St. Croix and Pokie Reddick will do a great job for us, especially once they get more games in and find themselves in that winning "groove".

New Jersey pro, Hector Marini, has joined the K's lineup, coming from Maine of the American Hockey League. I played against Hector when he was a member of the 1977-78 Muskegon Mohawks. Hector worked his way to the Central Hockey League, and then to the Stanley Cup Champion New York Islanders and also the New Jersey Devils. Hector's hard working style of play is what our team is all about. Even though we did drop a couple of games lately, the guys have been giving 100 percent. As long as we keep on working, we're going to win those close games and find ourselves ahead of the pack.

FLINT FINDS A DIAMOND IN THE ROUGH

By Brad Pepple

Surprises in the positive manner are the spice of life that makes living fun. Such is the case with the Flint Spirits new-found star, John Vecchiarelli. His statistics would impress any IHL coach: he is the leading scorer in the "I" with 29 points, third in the league in goals with 11, and first in assists with 18.

Flint is the newest member in the IHL, and is not affiliated with any specific NHL club, which put them in a very dubious position, since they were not going to receive any help. Hartford Whalers of the NHL informed Vecchiarelli that Flint was a new team, and that they might need some help. That statement from Hartford was Flint's golden find, and one which is giving the rest of the coaches in the "I" some headaches. John proved his skill and agility on his first appearance at the coliseum with a three goal "hat trick", and for his efforts he was named the Offensive Star of the game.

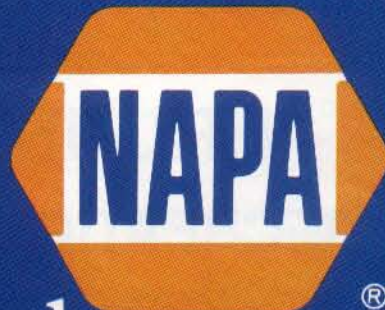

When asked about his recent success, John said, "I just work hard every game, and my linemate, Jim Egerton, has helped tremendously. I don't really do anything special, but I do work hard." Komet coach, Robbie Laird, said, "John is a very talented player with a lot of speed. He has the ability to get behind the defense and make things happen. Flint is certainly a better team with his addition."

Outside of hockey, John is a very competitive lacrosse player back in his hometown of Toronto. His hobbies include throwing the Frisbee, playing baseball and listening to music.

John is an example of what hard work and determination can accomplish. It has been great for Flint, and John is a fine representative of the International Hockey League.

POKEY REDDICK... BACK WITH THE K'S

The reputation of the International Hockey League as developing great National Hockey League goaltenders continues during the 1985-86 season. Several former IHL goalies, including five former Komets, are playing or have played in the NHL this season. And that's why Pokey Reddick is once again wearing the Komets' "K". Reddick was sent back down to the Komets a couple of weeks ago, not because he wouldn't fit into the American League, but because the Winnipeg Jets wanted him to get the experience. The IHL is noted for more shots on goal than the American League. In the AHL, a goaltender will face anywhere from ten to twenty shots a game. In the "I", he may face 20, 30, and on some nights, up to near 50 shots on goal. That's experience!

Reddick joined the Komets at the end of the last season, sharing duties with Alain Chevrier. Pokey played well and even shutout Milwaukee in the last game of the regular season. Chevrier has gone on to join the New Jersey Devils and is playing very well. Reddick would like to add his name to the list of Komets playing goal in the NHL, names like Bob Janecyk, Murray Bannerman, Darren Jensen and Chevrier. Darrell May played a few games with the St. Louis Blues this season before being sent back to Peoria.

When asked about being back in Fort Wayne, Reddick said, "It's always tough to come back down. But it was easier to come to Fort Wayne. I've got friends here and that always makes it easier."

After just one week in the American Hockey League, Pokey played in three games and needed the work a goaltender gets in the IHL. "I'm looking forward to getting the work. I need to play, to get the shots, to get the experience." After playing junior hockey with the Brandon Wheatkings in the Western Hockey League, Reddick was faced with a much better league. "The league was very good last year and I think it's even better this season. The IHL seems to get better and better each year."

Although he's glad to be playing in Fort Wayne, Reddick has the same goals as any other hockey player that comes through the Summit City, to make it to the NHL. As we've already said, many have made it and we hope Pokey does too. In the mean time, welcome back to the Komets.

A LOOK AROUND THE LEAGUE

Where did the Saginaw Generals come from? Saginaw started out very slow this season, which surprised everyone including the Generals. Making the move from Flint during the summer, the Generals wanted to make a good impression on their new hometown. They lost their first four games. Their first win came against hapless Toledo and it took an overtime period and then went to the first shootout of the year. That's been one of Saginaw's strong points, the shootout.

As of 11/25/85, the Generals were in first place in the East Division. They beat the Komets on Friday, 4-1, with Rick Knickle kicking out 38 of 39 shots. They beat Flint the next night to raise their total points to 21 to take over first place in the east. They lead Muskegon by a point. Totals as of this writing: Saginaw has played 16, won 10, lost 6 and tied 0. The Generals picked up one point in an overtime loss. The Generals have scored 59 goals and given up 52. After five games, the Generals had been outscored 21-14. It has been quite a turnaround for Saginaw.

Then there's the Milwaukee Admirals—are they surprising anyone? After a last place finish in the league last season, the Ad's dropped their affiliation with the Chicago Blackhawks. General Manager Phil Whitliff returned to the bench and some familiar names have turned Milwaukee around. So much in fact, the Admirals are in first place in the league, again, as of 11/15/85. Milwaukee took the lead away from Fort Wayne and Salt Lake on Sunday by beating Flint 4-1. That gave the Admirals 24 points and the lead in both the West Division and the league. Fort Wayne and Salt Lake are tied at 22 points in second place. In 17 games, the Admirals have won 12, lost 5 with no ties. They have lit the lamp 76 times while giving up 47 goals. Another part of the reason is Dale Yakiwchuk, who has 20 points and is one of the top scorers in the league. Another big reason is goaltender Lindsay Middlebrook. Middlebrook has a goals against average of 2.31, the best in the league. And at one point in the season, when the Admirals came to the Coliseum, he was sporting a 0.75 GAA. That was November 2nd, and he sure impressed the fans that night. The Komets won that night, 3-2, but if it hadn't been for Middlebrook, it could have been 10-2.

Both Saginaw and Milwaukee have that same target as all the other teams, the Turner Cup Championship. The Generals have tasted the victory two years ago when they were in Flint. Milwaukee has not won a Turner Cup. The way both teams are playing, they could do it this year . . . of course, there's a big obstacle, the new Fort Wayne Komets.

WHAT'S UP NEXT

Following this three game week, the Komets will host the Peoria Rivermen next Wednesday, December 4th. Remember, all Wednesday games start at 7:00 p.m. this season. That's a half hour earlier than last year. That gives everyone the opportunity to see the game and get home early enough for the next day's activities. This is the first visit for the Rivermen. By that time we will have seen them twice, as we play them on the 29th of November. In the only meeting as of this writing, the Komets hold a 1-0 edge in games, having won in Peoria on October 27th, 4-2. Peoria is currently at the bottom of the West Division with 6 wins, 9 losses and no ties. They have picked up two points in overtime losses for a total of 14 points. They have scored 49 goals and allowed 61. Coach Pat Kelly is looking to the St. Louis Blues for help in the lineup. The Blues will have depleted last year's crop of Rivermen and Kelly hopes the Blues will send some more talent his way. At this time the Rivermen are improving and scoring more goals per game than at the start of the season. Look for the Rivermen to be contenders by the end of the season.

On Thursday, the Komets will travel to Indianapolis to face the Checkers for the first time on Indy ice. The Checkers beat the Komets the last time the two teams played, here at the Coliseum on November 16th, 4-2. The Komets still hold a 2 games to 1 series lead. The Checkers are right in the thick of the league and West Division race. At this time, Indy is in fourth place with 21 points, but that's just three off the pace. Game time in Indy on Thursday, is 7:00 p.m. It's the first chance for the Komet fans to see the Checker's new home, Market Square Arena.

The Komets will play at home again next Saturday, December 7th at 8:00 p.m. The guests will be the Kalamazoo Wings. The Wings have been in just once, on opening weekend and they were the first home victim of the Komets. The Komets have won three of four games with the K-Wings and held a 3-0 edge in games til last Saturday night when the Wings beat the K's 5-2 in Kalamazoo. This will be just the second time in for the K-Wings.

On Sunday the Komets travel to Toledo. The Goaldiggers are at the bottom of the league at this time with a 4-15-0 record with 3 points in overtime losses. The Diggers have 11 points. That game is an early one, starting at 2:00 p.m. Remember, all the Komet games, home and road, are broadcast on Hot Country, 93.3, WBTU.

take charge of your health

Exercise, nutrition and lifestyle modification are more than just trends. They are necessary ingredients for a healthy and happy life.

You've thought about exercising and watching your weight, but you don't know your body's potential and you want to do it safely.

Lutheran Hospital's Human Performance Center offers a Total Fitness Evaluation which consists of a physical performance assessment, exercise recommendations and counseling on nutrition, weight control and lifestyle adjustment, all under a physician's supervision.

There are other programs of this type in Fort Wayne, but none which offer the advanced physical assess-

ment provided by Lutheran Hospital. **In fact, our stress test is the only one of its type in the Fort Wayne area.**

In addition to the most complete evaluation in this area, our program offers flexibility. We can meet the needs of an overweight individual who wants to lose weight safely, or we can test the marathon runner who wants to know his or her fitness level and how to improve performance.

The Human Performance Center also offers individual or group follow-up sessions in areas such as adolescent weight control, stress management, nutrition, exercise and wellness awareness.

You can go to many places for a fitness evaluation and recommendation, but if you want the most complete tests presented by caring and friendly health care professionals, you'll call Lutheran Hospital's Human Performance Center. **Take charge of your health. Call 458-2345 now!**

A Very Pleasant Experience.

From the first showroom visit to the service after the sale, doing business with Kelley Chevrolet is a very pleasant experience.

Whether it's an exciting new 1986 Chevrolet, exceptionally clean, low mileage, preowned Detroit II automobile with a 12 month/12,000 mile limited warranty or a tough Chevy truck or a deluxe motor-home.

Dealing with Kelley Chevrolet is a very pleasant experience.

THE MOST VALUABLE PART OF PHP IS THE PERSON WHO KNOWS YOU INSIDE AND OUT.

Joining PHP means you'll probably keep seeing the same doctor you've trusted for years.

Over 85% of all physicians in Fort Wayne and surrounding areas are providing services for PHP members. So for most people, joining PHP means your relationship with your doctor will stay the same. We believe that's important because your doctor's first-hand knowledge of your medical history can be essential for effective treatment.

Quality. Choice. At a fair price. PHP makes health care as simple as an apple a day. Ask your employer for Physicians Health Plan or call us at 219-436-2834

**HAMBURGER
HAT TRICK!**

\$1.75

Big Buster Platter includes Fries & Slaw.

Three goals in one game by a single player is a pretty nifty trick. Three great food items in one convenient carryout box at one low price is also a neat trick... A Hamburger Hat Trick! It's Hall's Big Buster Platter. You get Fort Wayne's original double deck sandwich, a heaping order of French Fries and an order of Cole Slaw. And you get it all for a buck seventy-five!

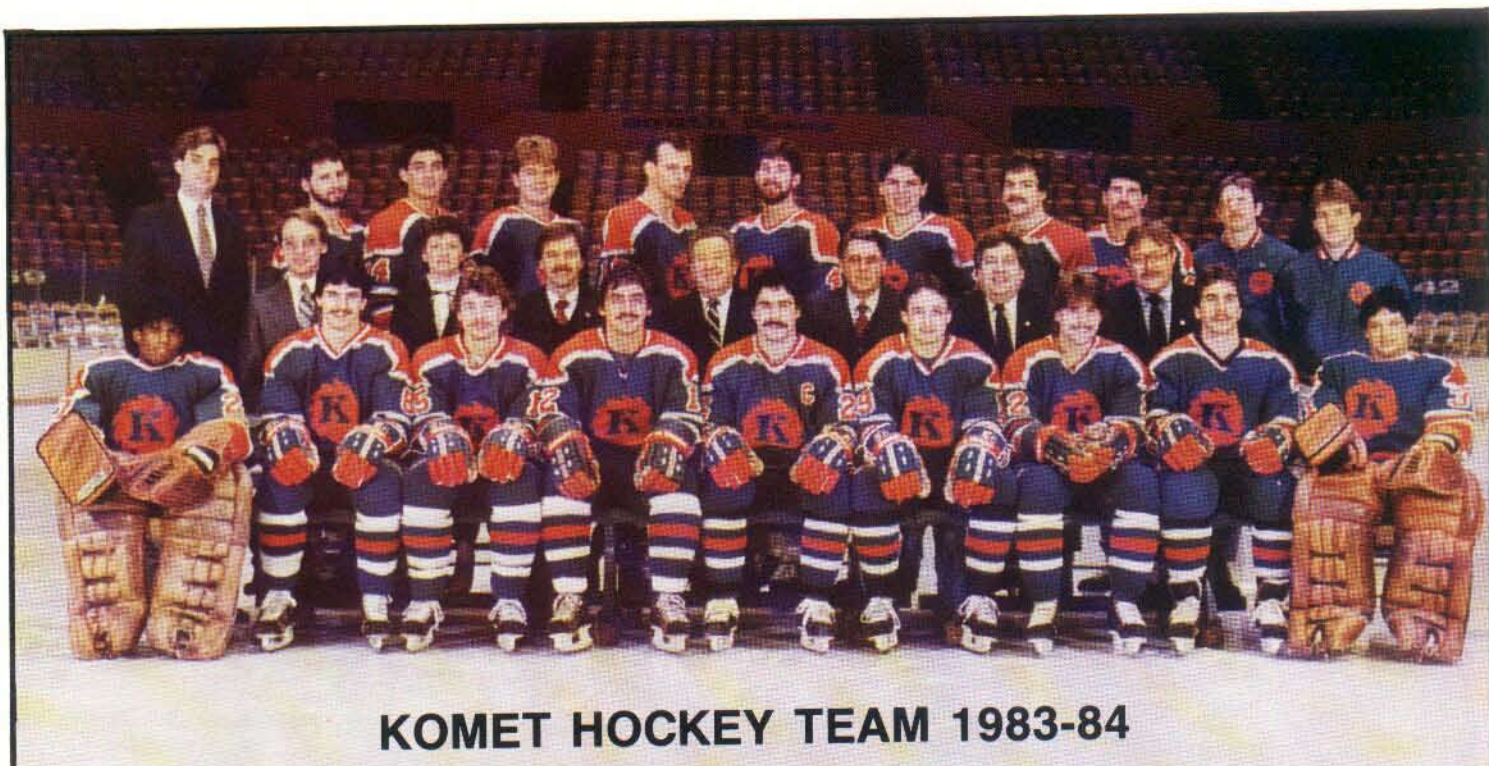

So after the game tonight, or on your way to the game next time, pick up a Big Buster Platter! Pick up several. Just you want "The Hamburger Hat Trick!"
